

1st, November 2019

October was an action-packed month for Heliservices! In addition to launching a number of tour packages with The Peninsula Hong Kong, we also made plans to announce a range of new promotions to give our passengers the whole gamut of fun and new experiences.

Air & Sea Experience

Experience Hong Kong's most famous landmarks from a different angle! Heliservices has teamed up with The Peninsula Hong Kong to launch a new Air & Sea Experience, which includes an unforgettable flight on our MD902 helicopter followed by a romantic 3-hour cruise on board The Peninsula Yacht. This unique combination is the perfect way to finish your holiday in style.

Felix Sunday Brunch

Launched in cooperation with Felix, this package includes a spectacular helicopter flight over Hong Kong followed by a sumptuous, truly irresistible semi-buffet lunch at Felix featuring fresh seafood, seasonal main courses and desserts, as well as an extensive range of healthy options.

Buy One, Get One Half Price

In October, customers who purchased a full-price flight ticket for specified dates could purchase a second ticket half price. The demand for this special offer was high, and we received lots of enquiries from customers who missed out. To find out more about our special offers, follow our social media accounts or visit our website.

New Booking Office at Star Ferry Pier, Tsim Sha Tsui

In other news, we are excited to announce a new booking office at Star Ferry Pier in Tsim Sha Tsui, which is due to open in December! Customers will be able to drop in to enquire about our services and find out more about what we offer. Details of the new office will be published on our website in due course.
