

# Heliservices

# NEWSLETTER

The end of the year is fast approaching. As we look towards a new year, Heliservices will continue to offer an exciting range of tours to give you a new perspective on Hong Kong's stunning landscape.

NOV 2022

## Experience Michelin-starred cuisine followed by a breathtaking helicopter tour

The Michelin-starred Spring Moon restaurant at The Peninsula Hong Kong is renowned among both local and overseas diners. To give our customers the chance to experience the unique culinary creations of this award-winning restaurant, Heliservices is launching a new "Fly & Spring Moon" package, which combines an exquisite lunch with an unforgettable helicopter experience over Hong Kong. Customers can choose from one of two departure points – The Peninsula Hong Kong or Wan Chai helipad.

## Helicopter proposal package

If you're planning to propose to your loved one but can't quite work out how, why not propose in style with our special helicopter package? After taking a romantic flight with stunning views over Hong Kong, you can present your loved one with a bouquet of flowers upon arrival and capture a photo of your big moment. We have also teamed up with ICHIGO-ICHIE Floral & Lifestyle to offer special discounts on bespoke floral bouquets.

## New advertising space at Star Ferry Pier

Between November and January we will be leasing a new advertising space on the first floor of the Star Ferry Pier (destination Central). The adverts will feature images of Hong Kong's breathtaking vistas and provide an introduction to our various packages. Staff at our booking centre (located next door to the Star Ferry Pier) will be on hand to answer queries from customers.
