NEWSLETTER

Happy Chinese New Year! We hope you all enjoyed a memorable break with friends and family. The new year promises to be an exciting one – with life starting to return to normal following the pandemic, and there has never been a better time to book a helicopter experience and see Hong Kong from a whole new perspective!

FEB 2023

Three-year Anniversary Open Day

On December 4, we held an open day to celebrate the three-year anniversary of our booking centre at Star Ferry Pier. In addition to providing visitors with refreshments and toy balloons, we organized hands-on games and gave participants a chance to win exclusive prizes. We would like to take this opportunity to thank all our partners and customers for supporting us over the years and participating in this memorable event. We hope to see you all again for our next anniversary event this coming December!

Visit by Hong Kong Air Cadet Corps

We recently organized a visit for the Hong Kong Air Cadet Corps, who explored our helicopter hangar and participated in a workshop to learn more about helicopter safety and life as a helicopter pilot. The visitors also took the opportunity to take photos with our helicopter fleet.

The ultimate Valentine's Day gift

With Valentine's Day just around the corner, our memorable helicopter experiences are guaranteed to make the perfect gift for your loved one. Fly over the breathtaking Victoria Harbour, enjoy stunning vistas of Hong Kong's countryside, or choose our special wedding proposal package and surprise your special someone while you take to the skies!

New price list from April 2023

April marks the start of a new financial year. From April 1, we will adjust our prices in line with market trends, so don't forget to book your experience before March 31 to benefit from our special deals!
