AUG 2023

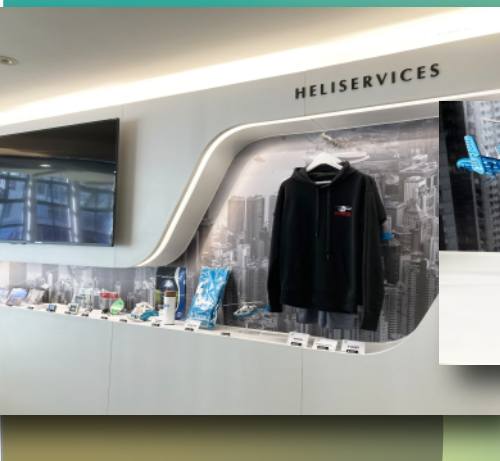

## Fly & ZoomRib

No summer would be complete without water activities. In preparation for this year's summer break, we have launched a special 2-in-1 package – after experiencing a breathtaking bird's-eye view of Hong Kong Island and Victoria Harbour on board one of our helicopters, you will be transferred to an inflatable speed boat for an exhilarating tour of Hong Kong's coastline.

## Fly & Drive HK

In addition, we have also launched a new Fly & Drive HK package that combines a helicopter experience with electric vehicle rental – get behind the wheel and explore Hong Kong's most picturesque corners at your own pace!

## Gift Corner

After completing your flight, why not pay a visit to our booking centre at the Star Ferry Pier in Tsim Sha Tsui? We stock an extensive range of souvenirs, including keyrings, towels, plush toys, model helicopters and more!
