Make A Wish makes aviation dreams come true

Make A Wish Hong Kong has always been committed to fulfilling the wishes of children with illnesses, bringing them happiness and filling their lives with hope and strength. This time, we had the opportunity to participate in making a child's aviation dream come true at the helipad of The Peninsula Hong Kong. We are delighted to be a part of this special journey in the child's life. From the moment they listened to the safety instructions, the child was filled with excitement. As our MD902 Explorer soared through the sky, they experienced an 18-minute flight with surprises. The child was thrilled and satisfied and even took commemorative photos with our pilot!

Summer Chill promotion is now available!

We have collaborated with the Hong Kong Tourism Board to participate in the "Summer Chill" promotion. From today until September 30th, you can enjoy a discounted price of HK\$25,000 (original price HK\$27,400) for flight experiences to Hong Kong Geopark, Lion Rock, and Tian Tan Buddha. Don't miss the opportunity to admire Hong Kong's cityscape and natural beauty from the sky during this approximately 30-minute flight. Please refer to the Hong Kong Tourism Board's website for more details.

Gift-giving at the Booking Office

If you visit our Booking Office on weekends, follow the instructions of our staff to complete a simple task, and you will receive a gift as a token of appreciation. For more details, visit our Booking Office at Tsim Sha Tsui Star Ferry Pier and inquire with our on-site staff.
